HSC Communication Update

(Summary of December HSC Team Minutes)

HSC Management Group

HSC Energy Audit

On Tuesday, January 11, Gundersen Lutheran is coordinating an energy audit of the HSC. There will be four separate teams touring and reviewing various aspects of the building (HVAC, steam, air, lights, etc.). Please be aware that several people will be walking the halls and entering various locations as they work through the audit.

Recycling Rechargeable Batteries and Cell Phones

A recycling box has been placed in the 4th floor mail room to recycle rechargeable batteries (laptop, cell phone, etc). Please place old rechargeable batteries in this container vs. a regular trash basket. Please note that alkaline batteries may be thrown in the regular trash and are not recyclable. Thanks to Steve Cash (Gundersen Lutheran Research) for coordinating this effort!

AED

Thanks to Western, Gundersen Lutheran and UW-L for collaboratively sharing the cost to purchase an AED for the HSC. The AED has been ordered and will be installed on the first floor near the dental clinic in the near future. This AED will then be accessible for public use, if the need should arise.

Courtesy Phone

The pay phones have been removed from the HSC. A courtesy phone will be placed in the same location as the pay phone that was located on the 1st floor (near the stairs). People will be able to make local calls from the courtesy phone.

IT/AV Team

2012 and 2019 Room Upgrades

Before spring semester classes start, rooms 2012 and 2019 will be upgraded with the same equipment as the previous rooms.

Safety Team

HSC Safety Plan

The plan is in final editing stages and will be sent to the HSC occupants for final review mid-January. Thanks to Simon Shelley (Gundersen Lutheran) for volunteering to take on the role of the HSC Safety Officer. Thanks to Steve Cash (GL), Thomas Greiner (UW-L), Jean Petri (Western) and Catherine Kolkmeier for serving on an ad-hoc committee to review the draft written by Steve Callister (GL).
