HSC E-mail Distribution List

Prior to sending out an e-mail to the entire HSC distribution list, please take a moment to consider the audience you are targeting. If the e-mail only pertains to a few, please select those specific e-mails. Another option is to place a sign by the area being addressed and those using that area will automatically see it.

Technology Assessment

The IT/AV team has been involved with the Technology Assessment meetings and is now in the process of preparing a proposal for the HSC Management Group to review. A "phasing in" option is being considered. A few classrooms would be upgraded each year and the current technology from the upgraded rooms would be used to maintain the "older" technology rooms.
