

June 2007 HSC Communication Update

HSC Management Group

Swipe Card Update

Everyone will be informed with specific instructions in regard to the switch-over from the key pad to the swipe card system. Ann Peterson (and others) will be attending training in early July to begin preparing for the switch-over.

HSC Space Planning Meeting

On Monday, June 18, several individuals met in regard to HSC space planning. The purpose of the meeting was to share any potential program changes, space needs, etc. This was a great meeting and it was agreed to coordinate two meetings per academic year (fall and spring semester). If anyone is interested in the summary notes from the meeting, please contact Joanne Sandvick at sandvick.joan@uwlax.edu.

Rooms 3061 and 3002 Potential Swap

UW-L has requested an estimate to convert the PT/PTA lab (3061) into UW-L's Biomechanics lab. If that is feasible, room 3002 (current Biomechanics lab) will be converted to a PT/PTA lab. Two areas to be addressed include: (1) storage of equipment and (2) layout of the new PT/PTA lab.

Academic Team

No meeting in June

Operation Team

Operation Team Chair Needed

Thanks to Terry Smith for being the Operation Team Chair for the last three years! Terry has stated "volunteers are welcome" to come forward to be the chair for 2007/2008. Please contact Terry at smith.ter2@uwlax.edu.
