

# FTD Caregiver Support & Education

## Equipped for the journey.

Education, connection and support for those impacted by FTD. This group will serve as a beacon to help navigate the illness. Each session will include an education topic or presentation and time for open discussion. Cofacilitated by Kelsey Flock, CTRS, Dementia Care Specialist for La Crosse County and Joni Ralph, RDN, AFTD Volunteer.

### What is FTD?

Frontotemporal Dementia (FTD) represents a group of brain disorders caused by progressive degeneration of the frontal and/or temporal lobes that result in symptoms affecting personality, judgement, language and movement.

**2nd Wednesday of the month**

2:00pm-3:30pm

**Holmen Area Community Center**

600 N Holmen Drive
