

The Savvy program focuses on helping family/friend caregivers of people living with dementia to acquire and strengthen knowledge, skills, and attitudes that are appropriate for the community-based caregiving role they have undertaken. Classes are 6 weeks about 1.5hours/time and focus on building: information and knowledge, skills, outlook & attitude, managing daily life, and remain contentedly involved throughout the caregiving day. To learn more call 608-386-0767.
